Preamble based activity under IQAC initiatives and best practices:

Nukkad Natak on Equality and Liberty at GC Panarsa

On 5 October 2026, the Department of English, in collaboration with the Women Cell of Government College Panarsa, organised a Preamble-based activity through a thought-provoking Nukkad Natak on the themes of Equality and Liberty at the Multipurpose Hall of the college, on the occasion of the CSCA Oath-Taking Ceremony.

These two constitutional values from the Preamble of the Indian Constitution were assigned jointly to the Department of English and the Women Cell, under the IQAC initiatives and best practices, to sensitise students about their fundamental rights and responsibilities. The performance highlighted the experiences of transgender persons, drawing attention to societal prejudices, discriminatory attitudes, and the need to treat every individual with dignity and respect. Through expressive performances and a powerful social message, the students emphasised that equality and liberty are essential for building an inclusive and just society. The activity aimed to encourage students to reflect on their own attitudes, understand the importance of individual freedom, and uphold the constitutional principles of equality, dignity, and non-discrimination in everyday life.
