5	No. of Student Participants	24
6	No. of Teacher Participants	01

Brief Report:

The Music Department successfully organized a two-day Painting Workshop for students to encourage creativity, artistic expression, and appreciation of visual arts. The workshop provided participants with an opportunity to explore various painting techniques, color combinations, and artistic styles under expert guidance.

During the workshop, students created paintings inspired by musical themes, traditional art forms, and nature. Hands-on sessions helped them develop their artistic skills, enhance concentration, and express their ideas creatively through colors and designs.
